## Annual Quality Assurance Report [AQAR]

Submitted  
To  
NAAC

2012–2013

### COLLEGE EMBLEM

**Lord Krishna** with flute in hand signifies that the college is established and administered by Yadava community for whom Shri Krishna is the principal deity. **Kuthuvilakku** symbolically stands for enlightenment – dispelling ignorance and enriching knowledge. **Cow( Kamadhenu)** connotes endowment of wealth especially wealth of knowledge and wisdom. The **Open Book** in the emblem signifies the importance of formal education. Thus the college is the spring of knowledge and wisdom that enriches the downtrodden society. The **Tower** in the middle of the emblem is reflective of the college which is a temple of knowledge. The **Motto** written at the bottom - **ARIVEA SELVAM** – means wisdom is wealth

### *III. Reforms in evaluation method:*

#### 1. Continuous Assessment

- 30 or 25 % weightage.
- Assessment is made by periodical quizzes, assignments, class tests and two centralized tests in every semester.
- Remedial measures are undertaken by way of conducting special and improvement tests.
- Tentative semester examination programmes are made available in the college calendar supplied to the students in the beginning of every academic year.

2. Semester examination is conducted during the month of November and April-May for odd and even semesters respectively
  - A squad of senior faculties is formed and its members go around and inspect all the examination halls to check whether any student is indulging in malpractice.
3. Question paper setting for the semester examination is external
  - Question paper proof is subjected to scrutiny and approval of external subject experts.
  - Central valuation of semester exam answer scripts is conducted during November and April-May for odd and even semesters respectively.
  - Double valuation of answer scripts is made by the course teacher as well as an external subject expert and the average of the two valuations is treated as the final mark.
  - Permissible deviation of marks between first and second valuation is 15%.
  - The cases where the difference between the two valuations exceeds 15%, third valuation is done by another external examiner and the average of the two closest marks is treated as the final marks.
  - Feedback on the course teachers, covering about ten parameters and the characteristics of the semester question paper are obtained every semester and follow up steps are being taken based on the above said feedback.

*IV. Reforms in the design and security features of the mark statement certificates:*

- ✓ Mark statement design is in such a way that the complete information related to the examinations is available on it.
- ✓ Invisible security features are incorporated on the mark statement, making it impossible for the production of unauthorized and bogus mark statements.
- ✓ A Hologram is affixed on the mark statement / certificate, making it impossible for effecting any alteration or manipulations.

## **26. Computerization of administration and the process of admissions and Examination results, issue of certificates:**

- The administration of Yadava College is done in a modernized manner. The office is completely automated and each office staff is provided with a computer. This helps in the speedy movement of office work. The office is linked with other sections and all the departments through intercoms.
- Admissions are done in a systematic way. As soon as results are declared, application forms with prospectus are issued to aspiring candidates. The selection is done through standardized process keeping in mind the presence of the college amidst rural atmosphere and the socially and economically backward and deprived people.
- The Examination section as usual functions with highly automated atmosphere. Students are enrolled with a digital code informing year of study, class, number of semesters etc. The minute details of each and every student in his academic excellence is fed into the computer system of the exam section and hence the details of any student can be retrived at given moment. The marks of internal evaluation are being entered through intranet which is available in each department against each student and the marks of External evaluation are being entered against each student and so the variation of marks obtained by the students could be easily derived through this method.
- Categorization of high, medium and low achievers is being done in each class. Remedial measures are given to low achievers to upgrade their mark in their weak subjects. This approach has yielded good result during 2012-13.

- The exam fees for all students in each class have been illustrated in the program and so the students find it easier to pay the fees in office without failure. The exam section has handled both autonomous and university regulated programmes excellently. Because of the perfection in the administration, no confusion has occurred in dealing with the different streams of student community.
- The examiners panels of the autonomous stream are drawn on the basis of seniority and expertise in the respective subject. Both internal and external valuations are being practiced to evaluate effectively. As evaluation is the vital part of any academic activity, the office has not spared it and good attempt is made to practice it for the welfare of the students.
- The date of publication of results was fixed well in advance and results were released on that day through college web page. Degree certificates are being issued in person.
- The examination section is provided with high end computers, fax, copiers and printers. This office is a role model for college examination activities for other colleges. Many public examinations such as Civil Service Exam, Public Service Commission Exam, other entrance exams are conducted in our college and the examination section does all the spade work.
